

ARE YOU A NATURAL CARER?

Health support workers are sometimes also called caregivers community care workers or healthcare assistants. They provide assistance, support and care to aged and disabled people in their homes, in residential facilities and hospitals. Health support workers work under the direction of a regulated health practitioner such as a nurse or a doctor.

Employability

Employment opportunities for healthcare support workers are good due to increasing demand for their services from an ageing population. Work opportunities can be found in both the public and the private sectors.

Chances of getting a job as a support worker are good due to:

- an ageing population, which means an increased demand for health care of all types
- an increase in long-term conditions such as diabetes that put extra demand on services
- a shift to pharmacists treating minor ailments, doing tests and vaccinations, prescribing some medicine and doing health checks.

Support Workers' Minimum Wage

In June 2022 the Government amended the Support Workers (Pay Equity) Settlements Act 2017 to provide a minimum wage rate adjustment for these workers to apply from 1 July 2022 and to maintain the training commitment and other provisions of the legislation.

Support workers' minimum wage rates from 1 July 2022 can be found in Schedule 2 of the Support Workers (Pay Equity) Settlements Act 2017. The support worker minimum wage rates from 1 July 2022 are listed below

Pay band	1 Jul 2022 to 31 Dec 2023
L0	\$22.49
L2	\$24.06
L3	\$26.16
L4a	\$27.20
L4b	\$28.25

Top 5 reasons why thousands of students like you chose NZMA

"NZMA offers far more than education: They give hope, inspiration, and motivation."

"At NZMA our time in New Zealand was made unforgettable and we enjoyed the quality Education and support from this NZQA Catagory 1 provider"

"As international students, we have a range of courses to choose from, which are all taught by industry-experienced tutors."

" Whether you know what you want to study, or have no idea, they'll help you with the tools and support you need to start your journey."

"We have smaller classes, which gives us more one-on-one time with our tutor - and more chance to get to know our classmates. And we found the tutors can adapt the way they teach to suit our learning style."

“I would say that NZMA is a lovely place and environment, which is very welcoming. They teach you what you need to know and more. They get you the qualifications you need. They’re so helpful. It’s a great environment to be around. This place is pretty special. I’ve been here for over a year. I feel at home here, this place is an amazing place that gives off a really cool vibe.”

——Jannet Singh, NZMA level 4 student

Overview

CERTIFICATE IN HEALTH AND WELLBEING (SUPPORT WORK) AND (ADVANCED SUPPORT) (LEVEL 3 AND 4)

What You Will Learn

CERTIFICATE IN HEALTH AND WELLBEING (SUPPORT WORK) (LEVEL 3)

Award: New Zealand Certificate in Health and Wellbeing (Support Work) (Level 3)

This vocational Health programme will provide practical skills and prepare you for employment as a support worker in healthcare. You can apply what you learn in on class on a three week work experience at a health or aged care provider.

During this course you will learn how to provide appropriate health care and support to people in the wider community. We'll teach you about the industry with guest speakers and site visits to a range of Health care providers such as Rest Homes, Funeral Homes, Marae and other relevant places.

CERTIFICATE IN HEALTH AND WELLBEING (ADVANCED SUPPORT) (LEVEL 4)

Award: New Zealand Certificate in Health and Wellbeing (Level 4) (Advanced Support)

Is there anything more rewarding than walking into a room full of smiling people and knowing that you are part of the reason why?

There is an increasing demand for support workers in the health care industry, and this course will equip you with the practical skills and prepare you for employment as an Advanced Health care support worker. In this course, you will learn how to provide care to people with complex needs in health care facilities or in their homes. You'll also gain real world industry experience and complete 200 hours at a health care provider as part of your training.
