Darwin is a unique tropical city famous for its beautiful sunsets, spectacular natural scenery, cosmopolitan markets, vibrant multiculturalism, Indigenous culture, fascinating history, and engagement with Asia. In fact, Darwin is just a few hours away from most capital cities in South East Asia and just six hours from South China.

Charles Darwin University

Charles Darwin University (CDU) is based in the capital city of Darwin at the heart of Australia's tropical north and is Australia's closest university to Asia.

CDU has all the advantages of a relatively young multi-sector university, including vigour, creativity and flexibility. But its true character and richness stem from its location in the Northern Territory of Australia, centred in Darwin: a youthful, multicultural, cosmopolitan, and robust tropical city in a Territory that is steeped in Aboriginal tradition and culture and which enjoys a close interaction with the peoples of Southeast Asia. In close proximity to Asia and the ocean of fresh catches combine to make Darwin a modern dining delight.

Here, people from diverse cultures seek endless opportunity in the stunning sights and sounds of Darwin. From the expansive deserts in the south, to the Arafura Sea in the north rich with marine life, Darwin has boundless opportunities for research and exploration.

Check out Northern Territory's best kept secret, Litchfield National Park, or Mary River wetlands, a thriving microcosm of Top End wildlife – the possibilities are endless.

We'd like you to be part of our community where we not only teach but learn from you. We'll work together to create a path to turn your passion into a profession and unlock a new world of opportunities for you with our connections to communities, industries and government.

Your diverse background will help us break new ground and your fresh perspective is what we're looking for. We believe we're made bolder and richer by your unique experiences, perspectives and opinions that you bring.

We believe, you make CDU.

Why choose CDU?

Why Charles Darwin University?

High graduate salaries

CDU is ranked the #4 university in Australia for full-time employment for undergraduate students and the #6 for undergraduate starting salaries in Australia. CDU's undergraduate students enjoy a median starting salary of \$61,400 while postgraduate students earn a median graduate salary of \$68,400 (Good Universities Guide 2023)

Leader in online learning

CDU is a pioneer in e-learning, backed up 20 years of experience in remote and hybrid teaching and learning. While you are studying online with CDU, you'll be studying with an innovative multi-sector university that is a leader in research and online study delivery.

Personal

With small class sizes, lecturers know your name and provide personalised support and advice.

Supportive

You will receive support from academic staff and the dedicated International Student Support Team, who will work with you throughout your studies to ensure you succeed.

Convenient

Our main campus is Casuarina is surrounded by nature, with bike paths linking the University to the tropical surrounds, including a beautiful beach a few minutes away. Affordable public transport connects the campus to the Darwin Central Business District (CBD).

Dual-sector university

CDU is a pathway for everyone, from VET, undergraduate and postgraduate degrees to research.

Why Darwin? Australia's best-kept secret

Multicultural

31% of the Darwin population speaks a language other than English at home. Enjoy the many multicultural community groups, markets, and international festivals.

A laid-back lifestyle

A population of 140,000 with a median age of 32-years-old, wide-open spaces, beautiful beaches, good public transport and little traffic.

Tropical weather

Australia's only tropical capital city, Darwin's weather is similar to its Asian neighbours.

Nature

Surrounded by world-class national parks, including Kakadu and Litchfield, you can experience stunning Australian wildlife and outback adventures.

Indigenous culture

Approximately 30% of the Northern Territory's population is Indigenous. More than 4,000 Indigenous students study at CDU each year, and there are many opportunities to experience and celebrate local culture.

Close to home

Darwin is the gateway to Asia, with only 4.5 hours flying time to Singapore and 2.5 hours flying time to Bali, Indonesia.

 Darwin Waterfront Campus

Charles Darwin University International College

Charles Darwin University International College is located in the heart of Darwin Waterfront Precinct.

Darwin Waterfront Campus

Our Waterfront campus offers the latest, state-of-the-art facilities right in the heart of Darwin's exciting Waterfront precinct - only a five-minute walk from the Darwin CBD. It is situated near the Darwin Convention Centre, local shops and the Wave Lagoon, where you can swim all year round. The campus is home to the Asia Pacific College of Business and Law and the CDU International College, where our students have easy access to business, industry and government located in Darwin's CBD.

We offer innovative pathway programs designed to equip you with knowledge, skills and confidence for study and life, and provide guaranteed entry to Charles Darwin University undergraduate and postgraduate degrees.

"The International Foundation Studies program helped me firm my decision and continue pursuing my life goal as a nurse and a medical enthusiast. They were efficient in imparting knowledge and helping us develop and improve the fundamental skills needed in transitioning to a different learning environment and surroundings. Their teachings were concise and easy to understand, which helped me attain a relatively high overall grade. Furthermore, we practised engagement and sharing activities which allowed us to identify the extent of our learnings in each module."

Bachelor of Business

The Bachelor of Business provides you with the skills and knowledge necessary for a successful career in the dynamic world of business.

This program imparts practical knowledge and understanding in the range of marketing, management, accounting, law and economics disciplines that are essential for a successful business career.

The study modules include topics such as e-commerce in the global business environment, strategic planning, international marketing, business ethics and many others.

Bachelor of Digital Enterprise

The Bachelor of Digital Enterprise is a flexible, cutting-edge degree that combines management, marketing and information technology.

During the course, you'll combine practical and theory-based learning to develop knowledge and skills in: global management and marketing, social and mobile aspects of business, digital product innovation & development and data and business analytics.

This focused combination of skills will equip you to strategically design and manage successful businesses, and give you a unique professional advantage.

Bachelor of Accounting

The Bachelor of Accounting prepares you with professional skills to become an accountant or work in a range of roles that rely on accounting knowledge.

The course develops your communication, presentation and problem-solving skills. You will learn about financial accounting, management accounting, auditing, taxation, business law, corporate law, and finance.

You can also choose to study business units to complement your personal interests and career options. Or, you may choose electives from other areas, including language studies, anthropology, history, social science, indigenous studies, applied science and engineering.

Degree Progressions

After completion of the First-Year Diploma you may progress to the second year of one of the following degrees:

Bachelor of Computer Science

The Bachelor of Computer Science will prepare you to be part of a continually evolving and diverse field, developing new applications and systems to improve the modern world.

You will develop skills and knowledge in the technical principles and applications of computer science as well as strengthen your problem solving, decision making and communication skills making you a confident and competent candidate for a role in the IT industry.

Bachelor of Information Technology

The Bachelor of Information Technology will prepare you to be responsible for more than just systems or software; you will develop creative and innovative technologies for the modern world.

Throughout your studies, you will develop knowledge and skills in areas such as web design and development, networking, application development and systems.

You will also be encouraged to be an open-minded problem solver, a creative thinker and an engaging communicator, which will help progress your career in the IT industry.

Postgraduate Pathways

International students who have already completed three years of post-secondary school study in their home country but may require additional support with their English language skills can now transition into a Charles Darwin University masters program in one or two semesters through a combination of discipline-specific subjects with English language support.

Students will gain a deep understanding of the demands of postgraduate study and learn the processes, expectations and methods for success before their masters program begins.

Progression requirements

To successfully complete the program, a student must pass all units with a grade of 50% or higher.

"Many of the studies required me to research and practise critical and analytical thinking, which resonates well with real-world situations. Some units I did enjoy were Entrepreneurship, Market Research and Organisational Behaviour. I did thorough research for the assignments and have applied the knowledge to build, develop and motivate a team of 50 sales agents in six countries to date. Without an MBA, I do not think I would have had such incredible opportunities."

- Staying well
- International student support

"I took Foundation Studies for two semesters at CDU International College. I took a 2 year gap from school after graduating year 12 in the Philippines. Taking the pathway program really helped me prepare to go back to school. It was an easy transition from foundation studies to my bachelors degree."

Lady, Philippines, Bachelor of Psychological Science

"On-campus learning at CDU is relatively new to me and unique; it does feel different from where I came from; nonetheless, the lessons and discussions are substantial and educational. Our facilitators/teachers are very helpful and approachable. You can feel their full support and guidance; ask anything kindly, and they will provide an answer if possible."

**Keiru Montesclaros, Philippines,
Bachelor of Nursing**
