YOOBEE COLLEGE OF CREATIVE INNOVATION

Programme Overview 2023

Why study at Yoobee?

We've been fuelling the creative and technology industries for over 30 years with talented Animators, Filmmakers, Designers, Techies, and Game Developers. We are committed to developing generation after generation of New Zealand's leading creative and technical talents.

LEARN IT BY DOING IT

At Yoobee College of Creative Innovation, our training is practical. You are assessed by the quality of the work you create, and there are no written exams.

INDUSTRY-LED TRAINING

You can be confident you're learning the skills employers want. We reassess our programmes on a regular basis to keep them up to date with the latest technology and ideas. All our students have full access to industry-standard equipment and facilities.

MENTORSHIP

Small class sizes form the backbone of the Yoobee educational model. We focus on relationships, face-to-face time with industry-experienced tutors who are not only experts in their fields but fantastic teachers.

TECH WORK EXPERIENCE

At Yoobee we are proud to be the only New Zealand institution to offer 8-10 week virtual internships and externships with a range of international companies like Meta, Snapchat, Hewlett Packard and Beats.

NEW ZEALAND'S LARGEST SPECIALIST CREATIVE AND TECHNOLOGY COLLEGE

Yoobee offers exclusively Bachelor and Master courses across the country, with campuses in Auckland, Wellington and Christchurch for international students. You will gain an education that opens doors to the best digital and design studios, and international tech companies in the world.

Yoobee College of Creative Innovation is where you create the future - a place where you can truly find your creative identity, immersed in a culture you love with a tribe of like-minded people.

30+ We've been in the business for more than 30 years

86% Percentage of students who go on to further study or gain employment

1,800 The number of students we successfully train each year

JANELLE LIM-RANOLA

– BACHELOR OF SOFTWARE ENGINEERING

"Yoobee's hands-on teaching is a great match with my learning style. Tech and Design have always been interests of mine so I wanted to study at a place where I could hone my skills in both areas, and Yoobee was just that. The constant support from everyone on campus. The staff and tutors are always friendly and happy to help. This, and getting along with my peers, creates a lovely atmosphere that I look forward to.

Yoobee has taught me how to manage my time and use it wisely. Pacing myself and spreading out my workload across the time given has helped me prevent a lot of unnecessary stress when completing my work."
