

Achini's Journey in

MASTER OF SOFTWARE ENGINEERING

STUDENT SUCCESS STORY

1 Can you introduce yourself?

"Hello, I'm Achini from Sri Lanka. Currently, I'm doing my Master's in Software Engineering study at Yoobee College."

2 What is your academic and professional background?

"I completed my Bachelor's in Software Engineering at the National Institute of Business Management in Sri Lanka. After graduating, I worked as a QA engineer for nearly five years. I decided to further my education and move abroad to pursue my Master's. After presenting my qualifications, professional background, and financial proof, I successfully applied for a student visa to New Zealand."

3 Why did you choose Yoobee to study MSE programme?

“

I chose Yoobee College after researching various colleges in New Zealand. Yoobee offers unique courses like quantum computing and cybersecurity, which align with my future career goals. The lecturers are excellent, and the study environment is supportive, making it the best choice for me.

4 What differences have you noticed between studying in New Zealand and your home country?

"My class is very diverse, with students from many different countries. It's fascinating to learn about their cultures, languages, and food. The lecturers are also very helpful, and we all share our knowledge, which creates an engaging and friendly environment."

5 What challenges have you faced while studying in New Zealand?

"Moving to New Zealand was an adjustment, especially in terms of the weather and being away from home. But having my brother here has given me a sense of security and comfort. Adapting to the study environment was smooth because of the supportive lecturers and classmates."

6 What are your future plans after completing your Master's degree?

"I plan to apply for a post-study work visa and gain industry experience. I also intend to apply for residency in the future. My goal is to secure an internship or project opportunity during my course to enter the local IT industry."

7 How would you describe your overall experience in New Zealand?

"New Zealand has been a great place for me. The beauty of the country and the friendly people make it enjoyable to live here. The opportunities in the IT industry are exciting, and I'm confident this experience will help me grow professionally."
