"I just started my full-time job in April and I'm so excited to apply what I have learnt at NZTC to my teaching practice.

I believe by studying at NZTC I was able to develop professionally and learn advanced educational concepts, which ultimately enables me to better support young children in their development."

Field Practice gave me a better understanding of what teachers do every day and it also gave me the opportunity to build trusting relationships with children and their parents.

"It has helped build my confidence and encouraged me to believe that I can become a well-rounded, qualified teacher."

- Zijie Li, Bachelor of Teaching (Early Childhood Education)

New Zealand's leading early childhood teacher education provider

Our flexible modes of learning mean you can pursue your programme and maintain a balance between your study, work, family and other commitments.

Mode of Learning

Online

- ▶ NZTC Online is a flexible mode of learning that enables you to obtain an NZQA recognised, high quality qualification without face-to-face attendance requirements.

All materials and resources are online, allowing you to balance studies with work and family. Courses and assessments are completed online, and you'll interact with a global learning community of students and lecturers.

Blended Learning

- ▶ This mode of learning blends the flexibility of online learning with workplace learning and practical experience. All students have access to NZTC Online for learning including course materials, research and support materials, and assessment submission and return, while learning in their workplace.

**Blended Learning is only available in New Zealand.*
